Saturday was a great day for SCV Racing on Little Buller Spur

Last Saturday saw the SCV Races on Little Buller Spur which was a great change of venue (except for the Ed who crashed out!)

Fastest racer on the day was Martin Ansell whilst the fastest female was Rosie Wilson.

It was great to see Board Director Nick Whitby and family out on course, and Nick was pretty fast too, coming in second overall.

This Saturday sees us return to Skyline at 2pm. Don't forget to register before

11am at The Whitt reception and also don't forget, NO HELMET, NO RACE (Editor did notice one racer without a helmet last Saturday!)

SCV Admin apologises to Members for delay in race results – this was out of our hands and due to huge workload for the Race Department with school trials right across the weekend.

There are some additional action shots elsewhere in this issue, thanks to Nigel Tait's camera work.

History recaptured

Members will notice in The Dump Inn some of the Clubs historic photos have been remastered and sized and now adorn the ceiling beams for all to see.

It is great to have these memories restored and we thank Nigel again for this.

Whitt Bar and Dining

The offering in the Dining Room is adding a few simpler choices, with still top quality and excellent value for money. The Bar meals have also proved a great hit, as has The Dump Inn barbecue.

Bumper Season

My wife and I were skiing with Ralph and Mary Wilson on Sunday, and I reckon I had the best morning in a long while. Woodrun had been groomed overnight and with the fresh snow, was really amazing.

I can't remember when you have been able to ski both the North and South slopes on such good snow.

If any Members are reading this, and not yet been to Buller this season, I urge you to come on up.
